### Section 5. FIRE FIGHTING MEASURES

Suitable extinguishing media Water spray. Alcohol-resistant foam. Carbon dioxide.

Unsuitable extinguishing media Solid water jet

Specific hazards arising from the chemical Fire Hazard.  
Keep away from heat and sources of ignition. Flash back possible over considerable distance. Beware of vapors accumulating to form explosive concentrations. Vapors can accumulate in low areas.

Hazardous combustion products Carbon oxides

## Your Wellness. Our Passion.

<b>Special protective actions for fire-fighters</b>	Wear appropriate personal protective equipment, including self-containing breathing apparatus.
<b>Specific extinguishing methods</b>	Use water spray to cool unopened containers. Fire residues and contaminated fire extinguishing water must be disposed of in accordance with local regulations. In the event of fire and/or explosion do not breathe fumes.

### Section 6. ACCIDENTAL RELEASE MEASURES

#### Personal precautions, protective equipment and emergency procedures

Non-emergency personnel	Wear appropriate Personal Protective Equipment (i.e. goggles, gloves.) before cleaning any spill or leaks. Remove spilled material with absorbent material and place into appropriate closed container(s) for disposal.
Emergency responders	Before cleaning any spill or leak, individuals involved in spill cleanup must wear appropriate Personal Protective Equipment. Deny entry to all unprotected personnel and unauthorized personnel. Maximize ventilation (open doors and windows).

#### Environmental precautions

#### Methods and materials for containment and cleaning up

Keep spills and runoffs out of nearby sewers and bodies of water.

Eliminate all sources of ignition. Ground all equipment, do not walk through spill. Take precautions to prevent entry into waterways, sewers, surface drainage systems, basements or confined areas. Stop leak if without risk. Absorb with dry earth or other non-combustible material. Collect material using non-sparking tools and place in a suitable, properly labeled container for recovery or disposal according to local regulations.

### Section 7. HANDLING AND STORAGE

<b>Precautions for safe handling</b>	Keep away from heat and sources of ignition. Keep container tightly closed and upright when not in use. Use with adequate ventilation. Keep away from incompatibles. Avoid contact with eyes. Do not swallow.
<b>Conditions for safe storage</b>	Flammable materials should be stored in a separate safety storage cabinet or room. Keep away from heat and sources of ignition. Keep container tightly closed. Store in a well-ventilated place at temperatures not exceeding 30 °C. Keep out of reach of children.
<b>Materials to avoid</b>	No data available.
