

**Your Wellness. Our Passion.****SAFETY DATA SHEET****Section 1. CHEMICAL PRODUCT AND COMPANY IDENTIFICATION**

|                         |  |
|-------------------------|--|
| <b>Identity</b>         | <b>SUN VALLEY PALM OIL</b>                                   |
| <b>Company Name</b>     | International Pharmaceuticals, Inc.                          |
| <b>Company Address</b>  | B. Suico St., Tingub, Mandaue City, Cebu 6014<br>Philippines |
| <b>Telephone Number</b> | +63 32 412-6900 / +63 32 260-6910                            |
| <b>Intended Use</b>     | Cooking oil  |

**Section 2. HAZARD(S) IDENTIFICATION**

|                            |                |                |
|----------------------------|----------------|----------------|
| <b>GHS Classification</b>  | Not classified | Not classified |
| <b>GHS Label Element</b>   |                |                |
| Hazard Pictogram(s)        | None.          |                |
| Signal Word(s)             | None.          |                |
| Hazard Statement(s)        | Not available. |                |
| Precautionary Statement(s) |                |                |
| Prevention                 | Not available. |                |
| Response                   | Not available. |                |
| Storage                    | Not available. |                |
| Disposal                   | Not available. |                |
| <b>Other hazards</b>       | Not available. |                |

**Section 3. COMPOSITION/INFORMATION ON INGREDIENTS**

|                          |         |
|--------------------------|---------|
| <b>Chemical Identity</b> | Mixture |
|--------------------------|---------|

| <b>Ingredients</b>         | <b>CAS Number</b> | <b>EC Number</b> | <b>Concentration</b> |
|----------------------------|-------------------|------------------|----------------------|
| Non-Hazardous Ingredients* | -----             | -----            | 100%                 |

In accordance with the paragraph (i) of Sec. 1910.1200, the specific chemical identity and/or exact percentage (concentration) of mixture has been withheld as a trade secret.

\* Unidentified ingredients are not considered hazardous under the Federal Hazard Communication Standard (28 CFR Sec. 1910.1200)

**Section 4. FIRST AID MEASURES****Necessary first-aid measures**

|              |   |
|--------------|---|
| Inhalation   | Allow the victim to rest in well-ventilated area. Seek immediate medical attention.   |
| Skin Contact | Not expected to be an irritant. Wash off oil with soap and water.   |
| Eye Contact  | Check for and remove any contact lenses. In case of contact, immediately flush eyes with plenty of water for at least 15 minutes. |
| Ingestion    | Do not induce vomiting. Seek medical attention.   |

**Your Wellness. Our Passion.**

**Most important symptoms / effects, both acute and delayed Note(s) to physician** No information available.  
Treat symptomatically.

**Section 5. FIRE FIGHTING MEASURES**

**Suitable extinguishing media** Wet chemical, Foam.  
**Unsuitable extinguishing media** Carbon dioxide, Water.  
**Specific hazards arising from the chemical** Fire Hazard.  
**Hazardous combustion products** Keep away from heat and sources of ignition.  
**Special protective actions for fire-fighters** None  
Wear appropriate personal protective equipment, including self-containing breathing apparatus.  
**Specific extinguishing methods** Apply the fine spray in slow circular movements, this allows the wet chemical agent to fall gently onto the surface of the fire and helps prevent hot oils or fats splashing the user or spreading the fire.

**Section 6. ACCIDENTAL RELEASE MEASURES**

**Personal precautions, protective equipment and emergency procedures**  
**Non-emergency personnel** Wear appropriate personal Protective Equipment (i.e., goggles, gloves) before cleaning any spill or leaks. Remove spilled material with absorbent material and place into appropriate closed container(s) for disposal.  
**Emergency responders** Before cleaning any spill or leak, individuals involved in spill cleanup must wear appropriate Personal Protective Equipment. Deny entry to all unprotected personnel and unauthorized personnel. Maximize ventilation (open doors and windows).  
**Environmental precautions** Keep spills and runoffs out of nearby sewers and bodies of water.  
**Methods and materials for containment and cleaning up** Take precautions and runoffs out of nearby sewers, surface, drainage systems, basements or confined areas. Stop leak if without risk. Absorb with dry earth or other non-combustible material. Collect material using non-sparking tools and place in a suitable, properly labeled container for recovery or disposal according to local regulations.

**Section 7. HANDLING AND STORAGE**

**Precautions for safe handling** If smoking occurs from oil usage, reduce or remove from heat. Spontaneous combustion (fire) may result from oil soaked materials such as rags, steel wool, paper and clothing. Place soaked materials, in a sealed, metal container to prevent this.  
**Conditions for safe storage** Keep tightly closed. Store in a dry and well-ventilated place at temperatures not exceeding 30°C.  
**Materials to avoid** No data available.

**Your Wellness. Our Passion.****Section 8. EXPOSURE CONTROLS / PERSONAL PROTECTION**

|   |   |
|---|---|
| <b>Control parameters</b>               | If a component is disclosed in Section 3. (Composition/Information on Ingredients) but does not appear in Section 8, an occupational exposure limit or recorded limit is not available for the component. |
| <b>Appropriate engineering controls</b> | Good general ventilation should be sufficient to control worker exposure to airborne contaminants.  |
| <b>Individual protection measures</b>   |   |
| Eye / face protection                   | No special protective equipment required.   |
| Hand protection                         | No special protective equipment required.   |
| Skin / body protection                  | No special protective equipment required.   |
| Respiratory protection                  | No personal respiratory protective equipment normally required. When ventilation is inadequate or at high vapor concentrations, wear appropriate respirator.  |
| Thermal hazards                         | No special protective equipment required.   |
| <b>Hygiene measures</b>                 | General industrial hygiene practice.  |

**Section 9. PHYSICAL AND CHEMICAL PROPERTIES**

|  |   |
|--|---|
| Appearance (physical state, color, etc.)       | Clear, oily liquid (2.4 Red/ 46.0 Yellow) |
| Odor   | Odorless                                  |
| Odor threshold                                 | Not determined                            |
| pH   | Not determined                            |
| Melting point / freezing point                 | Not determined                            |
| Initial boiling point and boiling range        | Not determined                            |
| Flash point                                    | Not determined                            |
| Evaporation rate                               | Not determined                            |
| Flammability (solid, gas)                      | Not determined                            |
| Upper / lower flammability or explosive limits | Not determined                            |
| Vapor pressure                                 | Not determined                            |
| Vapor density                                  | Not determined                            |
| Relative density                               | Not determined                            |
| Solubility(ies)                                | Not determined                            |
| Partition coefficient (n-octanol / water)      | Not determined                            |
| Auto-ignition temperature                      | No data available.                        |
| Decomposition temperature                      | No data available.                        |
| Specific gravity                               | 0.9103                                    |

**Section 10. STABILITY AND REACTIVITY**

|   |   |
|---|---|
| <b>Reactivity</b>                         | Stable under recommended storage conditions.        |
| <b>Chemical stability</b>                 | No decomposition if stored and applied as directed. |
| <b>Possibility of hazardous reactions</b> | No hazards to be specially mentioned.               |
| <b>Conditions to avoid</b>                | None.   |

**Your Wellness. Our Passion.**

|   |   |
|---|---|
| <b>Incompatible materials</b>           | None.   |
| <b>Hazardous decomposition products</b> | Produces normal products of combustion upon exposure to fire. |

**Section 11. TOXICOLOGICAL INFORMATION**

This product has not been tested on animals to obtain toxicological data. There are toxicology data for the components of this product, which are found in the scientific literature. These data have not been presented in this document.

|   |   |   |
|---|---|---|
| <b>Information of the likely routes of exposure</b> | No data available.  |   |
| <b>Potential health effects</b>                     |   |   |
| Inhalation  | No data available.  |   |
| Skin contact  | No data available.  |   |
| Ingestion   | No data available.  |   |
| Eye contact   | No data available.  |   |
| <b>Experience with human exposure</b>               |   |   |
| Inhalation  | Aspiration or inhalation into lungs of mist could cause chemical pneumonitis. |   |
| Skin contact  | No data available.  |   |
| Ingestion   | No data available.  |   |
| Eye contact   | No data available.  |   |
| <b>Acute toxicity</b>                               |   |   |
| <u>Product</u>                                      | Oral toxicity   | No data available.  |
|   | Inhalation toxicity   | Aspiration or inhalation into lungs of mist could cause chemical pneumonitis. |
|   | Dermal toxicity   | No data available.  |
| <b>Skin corrosion / irritation</b>                  |   |   |
| <u>Product</u>                                      | No data available.  |   |
| <u>Ingredient(s)</u>                                | No data available.  |   |
| <b>Serious eye damage / irritation</b>              |   |   |
| <u>Product</u>                                      | No data available.  |   |
| <u>Ingredient(s)</u>                                | No data available.  |   |
| <b>Respiratory or skin sensitization</b>            |   |   |
| <u>Product</u>                                      | No data available.  |   |
| <u>Ingredient(s)</u>                                | No data available.  |   |
| <b>Germ cell mutagenicity</b>                       |   |   |
| <u>Product</u>                                      | No data available.  |   |
| <u>Ingredient(s)</u>                                | No data available.  |   |
| <b>Carcinogenicity</b>                              |   |   |
| <u>Product</u>                                      | No data available.  |   |
| <u>Ingredient(s)</u>                                | No data available.  |   |
| <b>STOT-single exposure</b>                         |   |   |
| <u>Product</u>                                      | No data available.  |   |
| <u>Ingredient(s)</u>                                | No data available.  |   |
| <b>STOT-repeated exposure</b>                       |   |   |

**Your Wellness. Our Passion.**

| <u>Product</u>           | No data available. |
| <u>Ingredient(s)</u>     | No data available. |
| <b>Aspiration hazard</b> |                    |
| <u>Product</u>           | No data available. |
| <u>Ingredient(s)</u>     | No data available. |

**Section 12. ECOLOGICAL INFORMATION**

**Ecotoxicity**

Environmental effects No information is available about the potential of this product to produce adverse environmental effects.

Toxicity to fish

Product No available information.

Ingredient(s) No available information.

Toxicity to daphnia and other aquatic invertebrates

Product No available information.

Ingredient(s) No available information.

Toxicity to algae

Product No available information.

Ingredient(s) No available information.

**Persistence and degradability**

Product No available information.

Ingredient(s) No available information.

**Bioaccumulative potential**

Product No available information.

Ingredient(s) No available information.

**Mobility in soil**

Product No available information.

Ingredient(s) No available information.

**Other adverse effects**

Product No available information.

Ingredient(s) No available information.

**Section 13. DISPOSAL CONSIDERATIONS**

**Disposal Methods**

The product should not be allowed to enter drains, water courses or the soil. Where possible recycling is preferred to disposal or incineration. If recycling is not practicable, dispose of in compliance with local regulations. Dispose of wastes in an approved waste disposal facility.

**Disposal considerations**

Oil soaked materials may spontaneously combust and should properly managed to avoid ignition and heat sources or oxygen rich environments. Collect and store soaked materials in closed, metal containers.

## Section 15. REGULATORY INFORMATION

The regulatory data in this section is not intended to be all-inclusive, only selected regulations are represented.

### International Inventories

| Country / Region | Inventory Name   | On Inventory (Yes / No)* |
|------------------|--|--------------------------|
| Australia        | Australian Inventory of Chemical Substances (AICS)                     | No                       |
| Canada           | Domestic Substances List (DSL)   | No                       |
| Canada           | Non-Domestic Substances List (NDSL)                                    | No                       |
| China            | Inventory of Existing Chemical Substances in China (IECSC)             | No                       |
| Europe           | European Inventory of Existing Commercial Chemical Substances (EINECS) | No                       |
| Europe           | European List of Notified Chemical Substances (ELINCS)                 | No                       |
| Japan            | Inventory of Existing and New Chemical Substances (ENCS)               | No                       |
| Korea            | Act on the Registration and Evaluation of Chemicals (REACH)            | No                       |
| Korea            | Korea Existing Chemicals Inventory (KECI)                              | No                       |
| New Zealand      | New Zealand Inventory of Chemicals (NZIoC)                             | No                       |
| Philippines      | Philippine Inventory of Chemicals and Chemical Substances (PICCS)      | No                       |
| Taiwan           | Taiwan Chemical Substance Inventory (TCSI)                             | No                       |
| United States    | Toxic Substances Control Act (TSCA) Inventory                          | No                       |

\*A "Yes" indicates that all components of this product comply with the inventory requirements administered by the governing country(s). A "No" indicates that one or more components of the product are not listed or exempt from listing on the inventory administered by the governing country(s). Certain restrictions may apply.
